

PLATFORM OFFERING SEARCH FUNCTION IN AEROUP

Installation Guide (Desktop/Laptop Version) for External Users

Platform Offering Search Function is implemented in AeroUp for use of Dealers and Channel Partners. Latest HSB/OIB published on myAerospace portal are synched to this App.

Pre-requisite:
AeroUp installed on Desktop/Laptop
(Install window between 1st to 24th of every month).

AeroUp - Steps to follow :

1 Download the **AeroUp** App on your Desktop/Laptop

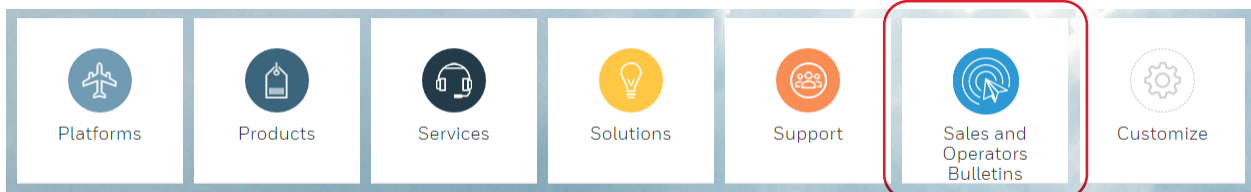

<https://apps.microsoft.com/store/detail/aeroup/9NLNPF8G47SB>

<https://apps.apple.com/it/app/aeroup/id1235918861>

Note : Log in using same credentials as for MyAerospace portal.

2 Click on **Sales and Operators Bulletins** on SmartTab Homepage

Note : If the Sales and Operators Bulletins Tab is not visible on your Homepage, open the Customize Tab, select and add the Sales and Operators Bulletins Tab to your main dashboard.

3 3.1 Click on **Value Calculator Tab** and enjoy the Platform Offering Search Functionality.

3.2 Use **Document Tab** to download relevant HSB/OIB.

Example: In this case on Boeing 777-200 VIP platforms, we have RDR-4000 Exchange available through Dealers with more details found in HSB 2022-24 and MCS Upgrade to HD-710 trade-in available through Dealers as per Service bulletin and HSB 2022-37.

Platform Search	Platform	Offering	STC Availability	Type	HSB/OIB
