

QUALITY R.U.L.E.S. HONEYWELL SUPPLIERS

R

Have **ROBUST** work instructions and controls in place to prevent non-standard work

U

UNCOMPROMISING quality controls will deliver parts on time

L

Mistakes happen, but **LONG-TERM** continuous deviations should not be standard work

E

Safety, Integrity and **ETHICAL** practices in everything we do, contain and communicate rapidly

S

A strong quality system with continuous improvement **SUSTAINS** cost reduction

UNCOMPROMISING QUALITY:

Never sacrifice **quality** for **speed** of delivery

QUALITY ETHICS:

Never exert authority to apply undue influence around Quality Compliance

ROBUST REVIEW:

Ensure that all product is received and shipped per released documentation.

LONG-TERM FOCUS:

Avoid relying on exceptions as a long-term strategy

SUSTAINED IMPROVEMENT:

Foster a culture of continuous improvement
