

Networking the Battlespace

Possibilities of Connectivity. *Made Easy*

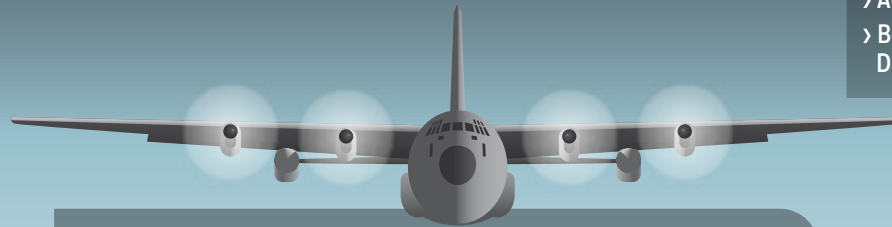

From tactical line-of-sight communications to beyond-line-of-sight satellite connectivity, Honeywell technology provides secure network links to armed forces around the globe.

- › COM DEV Satellite Processing Technology
- › RF Payload Products

- › AC-27 Common Datalink Antenna
- › Beyond Line of Sight High-Speed Data System

- › VIPER II Mobile (RO/RO) Satellite Communications System
- › Hatch-Mounted Inmarsat Antenna (HMIA)
- › JetWave™ Ka-band Satellite Communications System
- › Wi-Fi/Cabin Networking System
- › HSD-400 Voice and High-Speed Data Transceiver
- › HSD-440 Voice and High-Speed Data Transceiver (CNS/ATM)
- › High Data Rate (HDR) Software Package
- › AC-27 Common Datalink Antenna

- › Multiband Datalink Systems

- › Aspire 200™ Satellite Communications System
- › High Data Rate (HDR) Software Package
- › Sky Connect™ Tracker Systems
- › HUMS – Health and Usage Monitoring System
- › AC-27 Common Datalink Antenna

- › GC-27 Common Datalink Terminal
- › AC-27 Common Datalink Antenna

- › GC-27 Ground Common Datalink
- › Manpackable Satcom Receive Terminal
