

MAINTENANCE **SERVICE** **PLAN**

Auxiliary Power Units

Honeywell

Your aircraft is a big investment... an investment worth protecting. Designed specifically for your Honeywell Auxiliary Power Unit (APU), Maintenance Service Plan - APU is an efficient and cost-effective program offering a practical alternative for managing future maintenance expenses.

Aircraft owner/operators have learned to rely on Honeywell to protect them from the unexpected. Avoid unplanned maintenance costs. Avoid downtime. Avoid unnecessary stress. After all, when it comes to your aircraft, time is money.

INTRODUCING MAINTENANCE SERVICE PLAN

For more than 40 years Honeywell has built the preeminent Business Aviation services program with its Maintenance Service Plan (MSP) for Engines and APUs.

Honeywell's Maintenance Service Plan (MSP) umbrella of offerings is evolving the way maintenance planning for business aviation works. Incorporating Honeywell Maintenance Service plan for Engines and APUs, Avionics Protection Plan (HAPP), and Maintenance Protection Plan (MPP), all Honeywell service offerings now sit under the Maintenance Service Plan umbrella.

BACKED BY PRODUCT EXPERTS

Designed and supported exclusively by Honeywell, the experts behind your APU, MSP - APU delivers peace of mind in knowing you're covered by the best.

PREDICTABLE APU MAINTENANCE COSTS

- Increases accuracy of aviation department's annual budgeting
- Provides predictable long range financial planning
- Eliminates cost impact of unscheduled repairs
- Covers replacement costs of cycle life-limited hardware
- Annual rate adjustments are limited by U.S. Government economic indices

CONTINUOUS FINANCIAL COVERAGE FOR SERVICE AND REPAIR

- Scheduled and unscheduled maintenance
- Service Bulletin incorporation* for guaranteed state-of-the-art configuration

COMPREHENSIVE COVERAGE WITH MSP GOLD

Maintenance Service Plan Gold for APUs offers a range of services associated with APU repairs.

Gold coverage includes:

- APU and LRU removal and reinstallation labor
- APU freight in and freight out expenses
- Access time
- Extended troubleshooting allowances
- Routine inspection labor
- Optional Logistical Support (road crew) costs when APU deemed inoperable (AOG)
