ABOUT HONEYWELL AEROSPACE

AUGUST 2019

Honeywell
Forward Looking Statements

This presentation contains certain statements that may be deemed “forward-looking statements” within the meaning of Section 21E of the Securities Exchange Act of 1934. All statements, other than statements of historical fact, that address activities, events or developments that we or our management intends, expects, projects, believes or anticipates will or may occur in the future are forward-looking statements. Such statements are based upon certain assumptions and assessments made by our management in light of their experience and their perception of historical trends, current economic and industry conditions, expected future developments and other factors they believe to be appropriate. The forward-looking statements included in this presentation are also subject to a number of material risks and uncertainties, including but not limited to economic, competitive, governmental, and technological factors affecting our operations, markets, products, services and prices. Such forward-looking statements are not guarantees of future performance, and actual results, developments and business decisions may differ from those envisaged by such forward-looking statements. Any forward-looking plans described herein are not final and may be modified or abandoned at any time. We identify the principal risks and uncertainties that affect our performance in our Form 10-K and other filings with the Securities and Exchange Commission.

~60% Short Cycle

DIVERSIFIED PORTFOLIO

1 Represents 2018 sales excluding Garrett (the former Transportation Systems business) and Resideo (the former Homes and ADI global distribution business); Differences between segment sales figures and the sum of sales figures for the businesses within each segment are due to rounding

2 Represents 2019E sales
ADDRESSING WORLD’S TOUGHEST CHALLENGES

- Developing and manufacturing technologies that drive energy efficiency, improve worker safety and productivity, and build global urbanization

- Performance Materials and Technologies’ Solstice® low-global-warming products helping replace harmful hydrofluorocarbons (HFCs)
  - HFO-1234yf safely cooling more than 70M cars worldwide; expected to grow to more than 90M cars by end of 2019

- Aerospace’s Enhanced Ground Proximity Warning System reduced controlled flight into terrain (CFIT) accidents from ~1 in every 3 million flights to less than 1 in every 20 million

- Personal and industrial safety equipment serve more than 500 million people around the world daily

Our Products Are Making the World Safer, Cleaner, and More Sustainable
TOTAL SHAREHOLDER RETURN

Outstanding Return Demonstrated Over Short, Medium, and Long Term

- Best TSR performance amongst our core EE/multi-industry peers in 2018, even while executing two complex spins
- Outperforming the Industrials (XLI) and market (S&P 500) benchmarks in all periods
- Consistent execution while investing for the future

AEROSPACE

More fuel-efficient aircraft. More direct and on-time flights. Safer skies and airports. We're found on virtually every commercial, defense and space aircraft.

Business Portfolio:
- Electronic Solutions
- Engines and Power Systems
- Mechanical Systems and Components
- Connected Aerospace

Technologies:
- Air and Thermal Management
- Connectivity Systems and Connected Aircraft Services
- Federal Solutions Management and Operation
- Hybrid Electric Systems
- Integrated Avionics Offerings and Flight Management Systems
- Manned/Unmanned and Satellite Applications/Space
- Mechanical Components
- Navigation, Safety, and Surveillance Solutions
- Propulsion and Power Systems
- Runway and Flight Safety Technology
- Wheels and Braking Systems

Headquarters:
Phoenix, Arizona

$12.9B
2018 Sales
More than 100 years ago, we defined energy efficiency by making indoor comfort automatic. Today, we redefine it in 10 million buildings using our technology.

**Business Portfolio:**
- Building Management Systems
- Global Fire
- Global Security
- Global Electronic Products
- Building Solutions
- Greater China / APAC (Regional operation)
- Latin America (Regional operation)

**Technologies:**
- Building Comfort and Control Systems
- Fire Alarm Systems and Detection
- Smart City Command and Control Solutions
- Video Management and Security
- Air and Water Purification
- Access and Intrusion Control

**Headquarters:**
Atlanta, Georgia

$5.4B
2018 Sales
PERFORMANCE MATERIALS AND TECHNOLOGIES

Business Portfolio:
• Advanced Materials
• Honeywell Process Solutions
• Honeywell UOP

Headquarters:
Morris Plains, New Jersey

Technologies:
• Advanced Fibers and Composites
• Chemicals and Electronic Materials
• Connected Plant and Software
• Industrial Automation Controls
• Low-Global-Warming Potential Refrigerants
• Oil and Gas Process Technology, Equipment, Catalysts, and Services
• Smart Energy
• Specialty Films and Additives

We pioneered automation control. So we understand complex industrial facilities, and how to create high-quality and high-performance chemicals and materials.

$10.7B
2018 Sales
SAFETY AND PRODUCTIVITY SOLUTIONS

We make supply chains faster and more efficient, and workers more productive and safer, with automated material handling, mobility computing, software, voice and sensing and safety solutions.

Business Portfolio:
• Honeywell Intelligrated
• Honeywell Industrial Safety
• Sensing and Internet of Things
• Productivity Products
• Retail

Headquarters:
Fort Mill, South Carolina

$6.3B
2018 Sales

Technologies:
• Automation and Material Handling Solutions
• Voice-Directed Worker Productivity Solutions
• Personal Protective Equipment for Industrial / Firefighting Applications
• Gas Detection Technology and Custom-Engineered Sensors, Switches, and Controls
• Printing, Scanning, and Mobile Devices for Data Collection
• Workflow Software and Mobile Cloud Technology
• Footwear for Work, Play, and Outdoor Activities
Honeywell Forge:
- A new category of software called Enterprise Performance Management for Operations Technology that improves the way companies collect, analyze, and act on data from their operations.
- Honeywell Forge solves comprehensive customer problems: asset reliability, process optimization, people productivity, and safety.

Technologies:
- Real-time, analytics-based optimization recommendations
- Predictive maintenance capabilities for aircraft, buildings, and industrial facilities
- Connectivity as a service: making it easy to collect and clean data from IoT devices with faster install time
- Domain-driven digital twins for assets, process and people
- Open architecture to help customers get more from their existing investments

Honeywell Forge:
- A new category of software called Enterprise Performance Management for Operations Technology that improves the way companies collect, analyze, and act on data from their operations.
- Honeywell Forge solves comprehensive customer problems: asset reliability, process optimization, people productivity, and safety.

Technologies:
- Real-time, analytics-based optimization recommendations
- Predictive maintenance capabilities for aircraft, buildings, and industrial facilities
- Connectivity as a service: making it easy to collect and clean data from IoT devices with faster install time
- Domain-driven digital twins for assets, process and people
- Open architecture to help customers get more from their existing investments

HCE is the leading industrial disruptor, building and connecting software solutions to streamline and centralize the assets, people, and processes that help our customers make smarter, more accurate business decisions.

Headquarters:
Atlanta, Georgia
HONEYWELL CONNECTED ENTERPRISE

Our Strategy

- Unified software approach in high-growth and high-value markets
- Deliver clear value only in the industries where we participate and possess large installed bases
- Leverage Honeywell Forge (our common IT stack) while developing customer-centric offerings by vertical
- Utilize data from physical products to deliver valuable software solutions
- Generate additional recurring sales though customer adoption (build-with, sell-with approach)

Our Strengths

- Dedicated organization to develop Honeywell Forge and expand software capabilities to address customer problems
- Focused on industries where we have deep internal expertise, large installed base, and established long-term relationships
- Leveraging leading positions in connected aircraft, building, plant, worker, and distribution center
- Expertise with data collection and processing; IIoT is a natural extension of what we do today

The Future Is Now for Honeywell Connected Enterprise
HONEYWELL’S OPERATING SYSTEM

**Growth**
- Common set of tools / metrics to drive and manage sales
- Value proposition development rigor
- Breakthroughs – new adjacencies to enhance growth rate
- Channel program design

**Innovation**
- ~9K employees developing software; world-class technologists driving innovation
- Rigor and metrics for new product development
- Honeywell User Experience incorporated into everything we do

**Leverage**
- Cross-business technology development
- Cross-business selling
- One-Honeywell leverage: we use what we sell

**Productivity**
- World-class working capital management
- Cross-Honeywell warehouse strategy optimization

Differentiated Operating System Drives Value Creation in All Businesses
TECHNOLOGY AND INNOVATION

- 18,000 Engineers Worldwide
- ~9,000 Software Developers
- 138 Research and Engineering Facilities
- 35,500+ Patents Granted or Pending

18,000 Engineers

Software 49%
Mechanical 24%
Electrical 22%
Chemical 5%
HONEYWELL’S 8 BEHAVIORS

FOUNDATIONAL PRINCIPLES

Have a Passion for Winning
- Beat the competition
- Fearless accountability for getting results

Be a Zealot for Growth
- Obsess over growth and customers
- Understand what creates value for customers

Think Big ... Then Make it Happen
- Be willing to re-examine almost anything
- Innovate with agility

Act With Urgency
- Move with lightning speed
- Use speed as a differentiator

Integrity and Ethics

Supporting Diversity

Workplace Respect

Be Courageous
- Confront problems directly and face adversity head on
- Take on seemingly impossible goals

Go Beyond
- Over deliver on commitments

Inspire Greatness
- Set high expectations
- Achieve things you and your team never thought possible

Become Your Best
- Seek and accept feedback
- Bounce back from disappointments
ENVIRONMENTAL, SOCIAL, GOVERNANCE

Our Mission and Plan

• Ensuring a cleaner, safer, and healthier future

• Integrating health, safety, and environment into all aspects of business

• Protect workers and employees globally
  – Safety record is +80% better than industry average

• Annual targets for waste reduction
  – ~90% reduction in greenhouse gas (GHG) emissions intensity since 2004

• Comprehensive system aligned to industry best practices, fully integrated into the Honeywell Operating System

Building a Better Future

Onondaga Lake, Syracuse, N.Y., former “Most Polluted Lake” now fishable and swimmable community asset spurring development

Former chemical plant in Baltimore, MD, now Harbor Point, home to Exelon, a leading energy provider; Morgan Stanley; and Johns Hopkins Medicine
HONEYWELL HOMETOWN SOLUTIONS

**Smart:**
- 20 teachers annually learn coding and earn Georgia STEM School Certification at Georgia Tech
- 292 students from 42 countries attended leadership and coding training at USSRC in 2019, a total of 2,709 students since 2010
- 5,000 students in UAE attended Think Science and other education programs in partnership with Emirates Foundation and INJAZ
- 10,000+ students focused on IoT technologies utilize Honeywell Control Labs in five universities in Turkey, Romania, and Indonesia

**Safe:**
- 3 million students fire-safety trained in China, India, and Malaysia
- 6,000 students in Malaysia received safety training
- 1 million U.S. students learn personal safety and abduction-prevention with KidSmartz
- 25,000 students, 1,000 teachers, and 40,000 parents expect disaster management training by 2020 in India

**More Sustainable:**
- Modern urban sustainability education in New Jersey and Mexico City
- 135 safe drinking water stations built in rural India serving 300,000
- Water filtration systems serve 3,000 students and 60 teachers in China
- Wildlife habitat restoration projects by employees in Syracuse
- Urban pollution stewardship in Baltimore neighborhoods, schoolyards

**Delivering High-Impact Social Sustainability Global Programming**

**Humanitarian Relief**
- $13.8 million in donations distributed to-date
- Beneficiaries: >2,300 employees (multiple communities)
- Repaired or rebuilt since 2001*
  - 900 homes
  - 4 schools
  - 9 medical clinics
  - 1 elder community center
  - 200 wells

*150 awards since 2004
MEDIA HIGHLIGHTS

Honeywell Tops Electronics Industry on Fortune’s 2019 “World’s Most Admired Companies®.”

Honeywell Leaps Into Quantum Computing: “We have a very unique technology that we believe is as good or better than anything that’s out there today.”
- Darius Adamczyk, Bloomberg News

“Honeywell has supplied water stations in India, where as much as 70% of water supplies are contaminated.” The Guardian

Honeywell ranked first in all categories in Institutional Investor magazine’s 2019 All-America Executive Team rankings for electrical equipment and multi-industry sector, including Darius Adamczyk as “Best CEO”.

Honeywell’s Que Dallara Named One of Diversity Journal’s “Women Worth Watching”.

Honeywell ranked #6 on Indeed.com’s list of hottest companies for job seekers.
DO YOU KNOW: AEROSPACE

EVERYDAY 140,000 HONEYWELL AIR TURBINE STARTERS bring to life commercial and military aircraft and industrial and marine equipment.

$2.0 BILLION DOLLARS Annual spend by airlines to maintain wheels and brakes.

MISSION SUCCESS Since the 1950s, Honeywell has been on board every NASA space mission.

Global flight delays cost airlines $25 BILLION.

The 16 Honeywell wheels on an Airbus A380 jetliner support 1.3 MILLION POUNDS. That’s the equivalent to more than 35 city busses.

>160K AUXILIARY POWER UNITS, GENERATORS AND HIGH PERFORMANCE ENGINES for airplanes, helicopters, and military vehicles shipped since 1948.

Honeywell fuel control systems have logged more than 1 BILLION FUEL CONTROL FLIGHT HOURS.

EVERY 5 SECONDS, an airliner with a Honeywell Wheels & Braking system lands somewhere in the world.

Our navigation solutions are on 90% OF COMMERCIAL AIR TRANSPORT AND 70% OF MILITARY AIRCRAFT

Honeywell components are onboard more than 80% OF SATELLITES in orbit.
OVERVIEW: AEROSPACE

Honeywell Aerospace products and services are found on virtually every commercial, defense and space aircraft. We build aircraft engines, cockpit and cabin electronics, wireless connectivity systems, mechanical components and more, and connect many of them via our high-speed Wi-Fi offerings. Our solutions create more fuel-efficient and better-maintained aircraft, more direct and on-time flight arrivals, safer skies and airports and more comfortable flights, along with several innovations and services that reflect exciting and emerging new transportation methods such as autonomous and supersonic flight.
PORTFOLIO BREADTH: AEROSPACE

ROBUST PORTFOLIO OF TECHNOLOGY SOLUTIONS

ELECTRONIC SOLUTIONS
• Integrated Avionics Offerings
• Navigation, Safety and Surveillance Solutions
• Flight Management Systems, Flight Controls and Synthetic Vision Display Technologies
• Manned/Unmanned and Satellite Applications, Space

ENGINESES & POWER SYSTEMS
• Propulsion Engines
• Auxiliary Power Units
• Electric Power Systems
• Hybrid Electric Systems

SERVICES & CONNECTIVITY
• Connected Aircraft Services
• Connectivity Systems/SATCOM
• Data Analytics
• Maintenance, Repair & Overhaul
• Aerospace Trading

MECHANICAL SYSTEMS & COMPONENTS
• Air Pressure & Control Systems
• Components, Heat Exchangers, Valves, Fuel Controls, Actuators, Coatings
• Federal Solutions: Manage & Operate US Government Facilities – Kansas City National Security Campus, Nevada National Security Site, Sandia Laboratories
• Life Support Systems
• Wheels & Braking Systems

Delivering Greater Value To Our Customers

CORE STRENGTHS

REVOLUTIONIZING
combat technology, commercial space, passenger jets and urban air mobility

GLOBAL LEADER
in the traditional aviation industry

LEADING
Connected Aircraft revolution

DRIVING MODERNIZATION
of global air traffic management

COMMITTED TO IMPROVING
fuel and flight efficiency, maintenance, safety, block time and ground turns through digital connectivity

Developing INNOVATIVE SAFETY PRODUCTS and solutions

Serving all major aircraft OEMs WORLDWIDE
PRESENCE IN ARIZONA

Honeywell and its employees donated over $1 million and 5,000 volunteer hours to schools, communities and Arizona non-profits (2017)

The Honeywell Fiesta Bowl Aerospace Challenge engaged 1000+ middle school students to support science, technology, engineering and math (STEM) education

Sponsoring students and teachers to attend the Honeywell Leadership Challenge Academy at the U.S. Space & Rocket Center (USSRC)

Partner with LEADING PUBLIC AND NON-PROFIT INSTITUTIONS to address community needs

~7,800 Arizonans EMPLOYED

Invest ~$800M per year with Arizona-based suppliers

Home to 12 FACILITIES
