

HONEYWELL AVIONICS PROTECTION PLAN

Protect your investment, and control your costs

Your avionics are a big investment...an investment worth protecting. Designed for both general and business aviation and commercial helicopter operators, the Honeywell Avionics Protection Plan (HAPP) is a maintenance program that offers full coverage for all Honeywell avionics – because the unexpected can happen. Avoid unplanned maintenance costs. Avoid downtime. Avoid unnecessary stress. After all, when it comes to your aircraft, time is money.

Be Ready for Anything

When the unexpected happens, count on the Honeywell Avionics Protection Plan (HAPP) to ensure that your aircraft is flight-ready. You'll receive quick service and legendary support from Honeywell's technical product experts, in addition to over 600 authorized sales and service centers, worldwide. And, when time is of the essence, HAPP will get you back in the air – fast.

Choose Your Coverage

HAPP offers a variety of coverage options. Choose the plan that best meets your needs – we offer flexible contract options including 5-year fixed rate with no escalation, discounted early enrollment options on select platforms, and specially priced plans for fleet operators.

Plan Benefits

Full coverage on exchange and repair services:

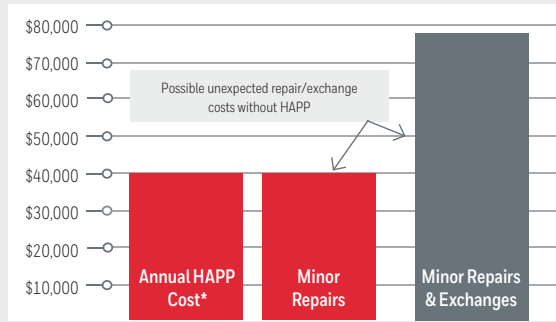

- Fixed price with an annual contract
- Discounted early enrollment options
- No-charge loaners
- 24/7 AOG emergency service
- Fully transferable agreements
- Paid airfreight
- Fleet discounts
- Factory-backed support similar to your original factory warranty
- Flexible payment options-renew annually or multi-year options

Get Global Support You Can Rely On

Honeywell avionics are backed by our Spares Exchange (SPEX) program, which provides Line Replaceable Units (LRU) exchanges and rentals for both warranty and non-warranty situations. Supporting both general aviation and business aircraft since 1954, SPEX has the depth of resources and expertise only available from a proven leader in aviation products and services.

Honeywell's unmatched field support system includes a global network of supply depots, support centers and a world-class 24/7 Complete Customer Care Center. The rapid SPEX turn-around-time ensures that avionics covered under HAPP are ready when you are. All units carry the latest mandatory modifications and are updated with the latest reliability modifications while in the repair cycle.
