# **HONEYWELL AVIONICS PROTECTION PLAN FOR HELICOPTERS**

Protect your avionics investment, avoid downtime and control costs

# Protect your investment, and control your costs

Your avionics are a big investment...an investment worth protecting. Designed for business, general and helicopter aviation operators, the Honeywell Avionics Protection Plan (HAPP) is a maintenance service program that offers full coverage for all Honeywell avionics – because the unexpected can happen. So avoid unplanned maintenance costs. Avoid downtime. Avoid unnecessary stress. After all, when it comes to your aircraft, time is money.

**Take the uncertainty out of repair and maintenance costs. A fixed-price HAPP contract guarantees that your repair bills won't exceed your budget.**

## Be Ready for Anything

Your mission demands operational readiness, no matter if you fly for Executive/VIP Transport, Search and Rescue, Helicopter Air Ambulance, Law Enforcement, Oil and Gas or Firefighting. You are relied upon to be dependable no matter what the conditions or type of cargo. When the unexpected happens, you can count on HAPP to ensure that your rotorcraft is flight-ready. With quick service and legendary support from Honeywell's technical product experts, in addition to a global network of more than 600 authorized sales and service centers. HAPP will get you back in the air – fast.

## Choose Your Coverage

HAPP offers a variety of coverage options to meet your specific requirements. You choose the plan that best meets your needs – we offer flexible contract options including 5-year fixed rate with no escalation. Specially priced plans are also available for fleet operators. HAPP allows for predetermined, fixed annual costs and flexible payment terms, making planning your budget easier.

### Get Global Support You Can Rely On

Honeywell avionics are backed by our Spares Exchange (SPEX) program, which provides Line Replaceable Units (LRU) exchanges and rentals for both warranty and non-warranty situations. All units carry the latest mandatory modifications and are updated with the latest reliability modifications while in the repair cycle. Supporting helicopter operators since 1954, SPEX has the depth of resources and expertise only available from a proven leader in aviation.

Honeywell's unmatched field support system includes a global network of supply depots, support centers and a world-class 24/7 Complete Customer Care Center. The rapid SPEX turnaround time ensures that avionics covered under HAPP are ready when you are.

### HAPP Cost vs. Repair/Exchange Costs

\*Costs based on the AW139. Individual HAPP annual costs vary by airframe and flight hours.
