

THREE REASONS AIRLINES RISK LOSING PASSENGERS DUE TO POOR WI-FI SERVICE

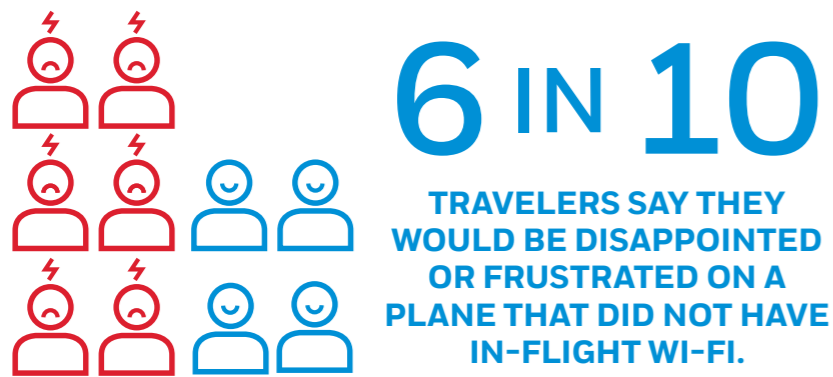

Our survey reveals passengers are miserable with in-flight Wi-Fi.

A survey of air passengers by Honeywell reveals that only 22 percent found their in-flight Wi-Fi to be extremely reliable over the past year, down from 27 percent in 2014.

1. PASSENGERS WILL ABANDON THEIR PREFERRED AIRLINE IF IT MEANS BETTER WI-FI

2. CONSUMERS EXPECT RELIABLE CONNECTIVITY ON THE GROUND AND IN THE AIR

3. AIRLINES MUST ATTRACT ONE OF AMERICA'S LARGEST GENERATIONS - MILLENNIALS (BORN BETWEEN '82 - '98)
