

HONEYWELL'S 757 TEST PLANE

The only 757 in the world with **3 engines**

The 5th 757 ever made!

First flew in February **1983**

Eastern Airlines owned it first

In 1995, the plane flew for European carrier Airtours – later to become MyTravel

We bought it in 2005. After many modifications, flew first test flight in **October 2008**

One of the 1st commercial 757s ever delivered

It used to be part of Boeing's test fleet
